Band of Jays

Band of Jays, the brainchild of Julian Volpe, has enchanted music enthusiasts for over 30 years as Julian contributed his artistry to various musical ventures, captivating East Coast audiences. In 2020, Julian paused live performances to focus on recording and producing his music solely under the moniker Band of Jays.

Now he is set to release his fourth album "Perpetual Rewind" this September 5th on Green Monkey Records.

Band of Jays Perpetual Rewind is a sonic leap forward, outshining their previous three albums with a vibrant, Motown infused pop-rock energy. Packed with irresistible guitar and piano riffs, this record weaves intricate layers of power pop harmonies that hook you from the first note and never let go. It's a bold, polished evolution—catchy, soulful, and ready to spin on repeat.

All songs composed and performed by Julian Volpe
Perpetual Rewind mastered and sequenced by Steve Turnidge, UltraViolet Studios, Seattle
